

# NYC Mesh Community Wi-Fi

Now available in this building!

**NYC Mesh** is a community-owned network. It is an alternative to your current internet connection. NYC Mesh connects directly to internet backbone networks without ISP fees.

**NYC Mesh** is owned by the community. You join by buying a mesh router (\$30 to \$100). Your money back if you are not happy.

There is no compulsory monthly fee. You may donate to help us maintain our network.
